Fantastic Photos

National Award Winner Fran Harding and Youth Volunteer Elleanor Scott proudly display certificates awarded to Fran & Phoenix Youth by the Chairman of Kent Youth Godfrey O Linnet.

Young people from Phoenix Youth Centre at Sandwich are celebrating success in a national photographic competition.

Fran Harding, 15, came 2nd in the contest organised by Clubs For Young People, with an imaginative shot of herself looking down an old kitchen towel tube. Dan Harding & Jamie Allen, who are also members of Phoenix Youth, received Highly Commended Certificates as a result of entering the same competition.

Eleven to nineteen year olds were invited to take a photograph capturing the essence of one of the following categories, being healthy, staying safe, enjoying and achieving and community involvement. Members of Phoenix Youth entered the competition using photographs taken during a variety of projects based at the Phoenix Centre over the last year.

The Highly Commended Awards were presented to Jamie and Dan by Elleanor Scott, trustee and volunteer youth worker at The Phoenix Centre. She said "This is a wonderful result; we were very impressed with their photographs." Jamie, who snapped a sunset over Sandwich Bay, said "This is one of my favourite photos, I only entered for the fun of it, and I did not expect to get this level of recognition from a national competition."

Fran received her award and cheque at an award ceremony held at the Offices of Kent Youth in Gillingham. Her certificates and award were presented to her by the Chairman of Kent Youth Godfrey O linnett TD DL.
